

Messrs. Cockerill's No. 675

Plans, in triplicate, of details of artificial ventilation submitted by the Antwerp Surveyors.

It is submitted the Surveyors be informed that provided the arrangements be carried out as shewn and amended and to their satisfaction, they will be approved.

Regarding the second paragraph of their letter, the Surveyors should be informed that the question of the stays to the ventilator coamings on and above B deck has already been considered on the plans submitted for a number of these ventilators. A general ruling on the subject cannot be given as this must depend on the height and position of the ventilators. In any particular instance where the Surveyors may be in doubt they should submit the Builders' proposals to this Office.

*Means of closing need not be provided for the coaming of the mechanical ventilators situated on or above B deck*
