she In February 1939, it was stated the vessel was laid up at Antwerp and *she* continued to be laid up until the Spring of 1940 *when* it was contemplated *in a few days time* she would be placed in dry dock, and specifications made out for the Special Survey.

The vessel was under Survey at Antwerp in April 1940 but the extent of the Survey carried out at that time is not known as no report was received. *(Belgium was invaded on the 10th May)*

A record of 'Survey Delayed. Vessel when last reported in port in enemy occupation' was inserted in August 1940.

In reply to inquiry, the Bilbao Surveyors now write they have been in constant communication with the Local Agents who state they have repeatedly consulted their Head Office and have never received acknowledgement of their inquiry.

the Owners are the Spanish Government and it is, therefore, certain that Classification with this Society will not be continued.
