Dear Sir,

We duly received your letter of the 9th ultimo regarding the steamer "DIANA" and have to state that we have been ⁱⁿ communication constantly with the local agents here who have repeatedly stated that they have consulted with their Head Office and have never received any acknowledgement of their enquiry.

The vessel's name has not yet been changed and she is still sailing as the "DIANA". The Owners are the Spanish Government and it is therefore certain that the classification with this Society will not be continued.

We regret the delay in our reply to your letters.

We are, Dear Sir,

Yours faithfully,

H. P. P. P.
For the Surveyors,

The Secretary
