

Steam Trawlers "NANUR", "OWNAHO", "WILLIAM CALDWELL",  
"KUROKI", "CUIRASS" and "CADELLA".

---

According to a return received from the Registrar  
General of Shipping and Seamen the registers of the above  
steam trawlers have been closed on account of the vessels  
having been "acquired by His Majesty".

It is therefore submitted that all particulars of  
the trawlers in question should be omitted from the  
forthcoming reprint of the Register Book.
