N	326	1928-12mo.	Screwshaft Survey (due 7,38)	

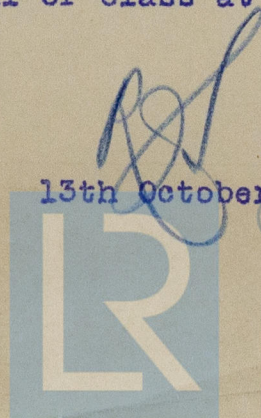

Letters were recently received from the Standard Steam Fishing Co., and its associated companies, the Loyal Steam Fishing Co. Ltd., the Great Grimsby & East Coast Steam Fishing Co.Ltd., signifying intention to withdraw their Fleets of Trawlers from classification.

Thirty two trawlers were involved, the average age of which was eighteen years, and despite representations made, the Owners, for reasons of economy, still adhere to their decision and have requested the classification of the Fleets should be withdrawn as soon as vessels become due for survey.

Under this arrangement, twelve trawlers have now to be dealt with a special periodical survey being due in each case.

The matter was before the Classification Committee on Friday, 10th instant, when, in the circumstances, they decided to give instructions for the vessels' characters to be withdrawn from the Register Book and Three Dots ( . . . ) inserted in lieu of 10,38 in each case, indicating withdrawal of class at Owners' request.

13th October, 1938.
