Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

31st December, 1945.

Dear Sirs,

R.

I duly received Mr. van der Weel's letter of the 28th November regarding the "BEVERWYK 21" and several other vessels, and I have to thank you for your attention. The contents of your letter are carefully noted.

With reference to the m.s. "SHOBOS," I have to say that the only information I am able to obtain is that the vessel was renamed "THANN" by the Germans and was sunk in December, 1944, owing to causes occasioned by the war.

Yours faithfully,

The Surveyors,
ROTTERDAM,
Holland.

Secretary.
