# Lloyd's Register of Shipping.

Port Kobe,

16th October 1940.

This is to Certify that I have

Donkey Part  
Surveyed the/ Boiler and /Machinery of the STEEL TWIN SCREW

MOTORSHIP

" N O R D B O "

4472 tons gross, of Copenhagen

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all  
recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

Recommended that the record of **D.B.S. 8, 40.** now:

**L.M.C.** be retained with fresh under date when the survey  
has been further advanced & without restriction regarding No.3  
Auxiliary Engine  
be made in the Register Book in the case of this vessel.

(P.T.O.)

*Alfred*

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
