General Observations, Opinion as to Class, Recommendation, &c.:-

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1,38," or "to remain as classed and to have record of survey, 1,38, and the notations of ss No. 1-38."

This vessel is eligible, in my opinion, to remain as classed with fresh record of survey 2-40. The vessel's class is subject to indented plating (p. & s.) being dealt with at Owners' convenience and to shell plate B.5 from aft (s.s.) being dealt with at first convenient opportunity. (No Interim Cert. issued).
