It is concluded  
The Hull Surveyors should be informed/that  
by wire  
they are in error in stating that the spacing of the rivets  
in the landing edges is  $3 \frac{6}{7}$ ths " and not  $3 \frac{3}{8}$ " as required  
by the Rules, but they should state if this is so.

see below  
13. 6. 13  
Spacing as per  
 $3 \frac{3}{8}$
