

Messrs. Vickers Ltd. Yard No.626.

s.s."MODAVIA".

This case was dealt with in the endorsements of the 29th ultimo and 13th instant.

A plan of proposed replace crankshaft was approved in the Secretary's letter of the 13th instant provided the Owners written consent were obtained to the omission of dowels at the junctions of the cranks and body pieces.

The Owners have notified the Makers that they are not prepared to give this consent and an amended plan of crank shaft showing dowels at the junctions of crank webs and body pieces has been forwarded for consideration.

The sizes shewn thereon meet the requirements of the Rules for these engines.

IT IS SUBMITTED the amended plan of proposed semi showing dowel pins at the junctions of the crankwebs and body built crankshaft merits approval. pieces

Return plan.

~~CANCEL PREV^d APPD PLAN.~~
