As recommended.

"TERCIO DE MONTEJURRA". Your memorandum of the 15th ultimo has been placed before the Committee at their meeting today, and while they have carefully noted the Owners' remarks, they must require definite arrangements to be made for the Second Special Survey No.2. to be carried out without fail by the end of this month.

I shall be glad if you will inform the Owners accordingly and advise me immediately should the vessel not come under survey as now required by the Committee.

The 2nd S.S. No. 2 became due 11.12, and in my last action was deferred, it being stated that the vessel would be under survey at Bilbao at an early date.

In January last the Bilbao Surveyors wrote they were informed by the Owners that as soon as the dry dock is available at Barcelona the vessel will be put under survey, and when the case received the consideration of the Committee and was deferred for a short time, the Committee trusting that it would be found possible to arrange for the vessel to be dry docked at Barcelona very shortly.

In reply to enquiry the Bilbao Surveyors now inform they are informed by the Owners that due to present difficulties they need to dispose of the ship without stopping for a short time more, and that then it is their intention to comply with the requirements of the 2nd S.S. No. 2. The vessel (Hull) has not been examined, and the year of grace expired 11.40.

The case is submitted for the consideration of the Committee.
