6th May, 1929.

Dear Sirs,

With reference to the case of the steamer "STANASPALE", Messrs. Palmers S.B. & I. Co's No. 989, I have to remind you that a plan of the rudder was approved in December last, subject to the consent of the Owners being obtained and to a suitable notation being made in the Register Book.

It has been decided that a suitable notation in this case will be "Rudder electrically welded", but before such a record can be made in the Register Book it will be necessary to obtain the Owners' consent, and I have to request that you will advise Messrs. Palmers accordingly, and obtain such a document.

I am, Dear Sirs,
Yours faithfully,

Clerk to the Classification
Committee.

The Surveyors,
NEWCASTLE.
