

Lloyd's Register of Shipping,

Collingwood Buildings, Newcastle-on-Tyne, 1.

15th September 1936.

Dear Sir,

We beg to submit, herewith, plan showing an additional new Boiler proposed by The North Eastern Marine Engineering Co. Ltd. for their Contract No. 2872, intended for s.s. "STANASFALT".

The vessel was built by Messrs. Palmers in 1929, and the new Boiler will be fitted with White's System of Oil Fuel and Howden's Forced Draught.

The favour of an early approval is desired.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS,
