Enclosures.

9th September, 1925.

Dear Sirs,

S.

I duly received your letter of the 1st instant, from which it is noted that the Registro Italiano have requested to be furnished with a copy of the report of survey during construction of the two vertical donkey boilers Nos. 6407 and 6408, manufactured by Messrs. Riley Bros. Ltd., and now fitted on board the steamer "UGO BASSI", and in compliance with this request I have the pleasure to enclose copies of the reports in question.

In handing these documents to the Registro Italiano, I shall be glad if you will be so good as to inform them that as these boilers were built for stock purposes and it was not known in what vessels they would be fitted, no proportion of the fee has been credited to the Registro Italiano.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
TRIESTE.

Assistant to the Secretary.
