Dear Sir,

We are in receipt of a letter from the Registro Italiano requesting to be furnished with a copy of the report of survey during construction and of first entry for two vertical donkey boilers Nos. 6407 & 6408 manufactured by Messrs Riley Brothers and now fitted on board the above-named steamer.

On enquiring from the Fiume Surveyor if the original reports were in his possession we are informed that same were forwarded to you with Fiume Report No. 2855 relating to the installing on board, and same should therefore be in the London Office.

The Registro Italiano further request to be informed if their proportion of fees for the survey during construction in England was collected and credited to their Genoa Office.

I am, Dear Sir,

Yours faithfully,

N. G. Turnbull.

The Secretary,
