

Lloyd's Register of Shipping,

Royal Bank Buildings,
28, Constitution Street,

1st February 1928.

Leith,

Dear Sir,

Herewith we acknowledge the receipt of a copy of a letter addressed from your office to the Secretary Glasgow respecting the S.S. "VYNER BROOKE" and concerning the supports of the dynamo seating. In reply we beg to state that the supports in question have to-day been examined together with the Owners and the Builders representatives and it has been arranged that the seating and supports will be examined again when the dynamo and machinery are running under working conditions, and if found to be satisfactory at that time, it is stated that the supports as filled will be found satisfactory.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS.

Per

Edouard Edwards

P.S. We wish to inform you that we have to-day had a communication from the Secretary at Glasgow concerning this case.

The Secretary,
LONDON.
