1st February, 1928.

Sir,

I beg to acknowledge the receipt of your letter of the 31st ultimo with enclosures respecting the T.S.S. "VYNER BROOKE", building by Messrs. Ramage and Ferguson, Ltd., and, in reply, I have to acquaint you that no sketch of the dynamo seating was submitted to this Office. The Leith Surveyors have, however, been communicated with by telephone and they state that the seating is supported as described in the letter addressed by Messrs. Blackett & Son to Messrs. Humpleby & Co., (viz. by brackets from the ship's side with the addition of two stanchions at the inner edge.).

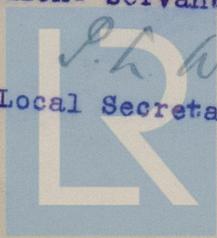

The Owners' representative is to be at Leith to-day, and the Society's Surveyors have arranged to discuss this question with him and to forward a report to your Office on the matter to-day.

I am, Sir,

Your obedient servant,

The Secretary,
LONDON.

J. H. Warlow
Local Secretary.
