Periodical surveys, when held, must be conducted in accordance with the Rules and items relating to complete repairs, if any, and, in detail, the nature and extent of repairs due to cause of which must be stated should be separated from repairs due to other causes, and the nature of the repairs, should be summarised in the form shown below. Whenever the replacement of a component part is required, the particulars should be clearly stated in the space provided on the back of this form. State also the date and time of the survey, and the name of the surveyor.

In damage cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and to whom and why they were declined.

Was a damage report made by anyone else, if so, by whom?
