

m.v. "ZWEENA".

It is noted from the Dunkirk Surveyor's letter of the 6th instant that the certificate of test No.732 refers to motor No.138616, the test certificates of which were submitted previously and found satisfactory.

IT IS SUBMITTED that it be pointed out to the Dunkirk Surveyor that any future test certificate or reference pertaining to a machine should bear the Firm's machine number to assist the correlation of information.
