Lloyd's Register of British & Foreign Shipping,

71, Fenchurch Street, E.C.

10th September, 1914.

Dear Sirs,

I have to confirm my cablegram to you today as follows:-

"Steamer POSEIDON cable whether hull survey completed
"also machinery survey otherwise stating how case stands
"forward reports instantly survey complete."

With regard to this motor vessel (not 'steamer' as stated in my cablegram) the Owners are anxious to be supplied with the Certificates of Classification, so that these may be on board before the vessel leaves Rotterdam on her voyage East, and you will therefore see that it is of the utmost importance that your reports should be despatched to this Office immediately the survey has been completed.

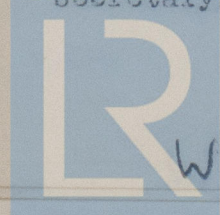

I should add that if any minor details are left over to the last minute, as sometimes happens, you should forward your reports without waiting for these to be attended to, and should follow up your reports by a cablegram immediately the details in question have been attended to.

I am, Dear Sirs,
Yours faithfully,

Secretary.

The Surveyors,

AMSTERDAM.
