*General Observations, Opinion as to Class, Recommendation, &c.:*—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus for example:—“.....to remain as now classed in the Register Book *without fresh record of Survey*,” “to remain as classed and to have record of survey, 1.11,” or “to remain as classed and to have record of survey, 1.11, and the notations of ss No. 1-11 and pEND11. &c.”

This vessel being now in good condition. I am of opinion  
that she is eligible to remain as classed, with fresh crews of  
hurry. 10.14.
