Dear Sir,

M. I have your letter of the 26th instant respecting the case of the steamer "POLCEVERA" ex "CUSTODIAN" (now to be named "H.T.NIELSEN ALONSO", and in reply thereto I may inform you that it was ~~not~~ found to be practicable to forward the copies of plans on Saturday as requested by you.

As regards the Society's general requirements for the whale oil and fuel oil tanks proposed to be fitted, and the stiffening of the existing bulkheads and of the new bulkheads to be fitted, these were indicated in my letter of yesterday, which will by this time be in your possession.

I am, Dear Sir,

Yours faithfully,

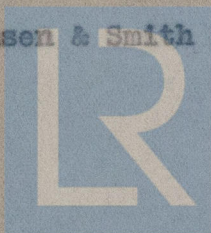

Secretary.
