71, Fenchurch Street, E.C. 3.

2 ENCLOSURE

18th February, 1926.

Dear Sirs,

M.
I am in receipt of your letter of the 13th instant enclosing a plan (in triplicate) showing the flensing deck above the awning deck and the alterations in way of the whale boilers in the steamer "N.T. NIELSEN ALONSO", and with regard thereto I have to state that provided doubling plates be fitted to the awning deck stringers and plating abreast the openings in way of the boilers, short intercostal girders be fitted amidships to maintain the continuity of strength, the whale boilers and winches be supported to your satisfaction, and the arrangements otherwise be carried out as shown and amended on the plan and to your satisfaction, the proposals will be approved.

I shall be glad if you will forward a sketch of profile embodying the erections in the ship and all the new erections proposed to be arranged, in order that the equipment grade may be ascertained.

Two copies of the plan are returned herewith, the third copy being retained in this Office for record.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

OSLO.
