

20/11/48

Dear Sirs,

With reference to the case of the Steamer "WARREN GROVE" which was lost early in this month, I have to inform you that in connection with the preliminary enquiry now in progress the Ministry of Transport have requested a copy of report of survey on temporary repairs to a leak in the shell executed at Blyth shortly before the ship left on her last voyage.

I have therefore to request that you will be good enough to confirm that this temporary repair was not carried out under your supervision and that no request was received by you to examine the alleged leakage.

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,  
NEWCASTLE-ON-TYNE.
