Dear Sirs,

s.s. "MARTIN CARL".S.P. Austin & Sons Yard No. 389.

In order to meet the requirements of certain loadings which we expect to make in the above vessel it is desirable that we should dispense with the bulkhead in the forward holds. We have asked the builders to do this for us, fitting any compensation necessary, and we request that a suitable notation be made in the Register Book.

Yours faithfully,

AKTIESELSKABET
