In reply to the enquiry contained in your classing letter of the 23rd instant respecting the case of the Steam Trawler "SOUTHCOATES", our report No. 49984, we beg to acquaint you that the grooving which has now been dealt with is in the radius of the front end plate at the furnace flange, and it is regretted that this was not made quite clear in our report.

We are, Dear Sir,

Yours faithfully,

The Surveyors,
