Yard No. 782.  
D.C. Shunt Wound Generators.

Dear Sir,

I have received a letter from the HongKong Surveyors enclosing copies of correspondence between the Builders and Owners of the above vessel relating to the dynamos.

It appears that, against the advice of the Builders, the Owners ordered and received two shunt wound dynamos which it is intended to fit in this vessel and they request that these might be accepted.

The Owners state that they have shunt wound dynamos in other vessels which they find quite satisfactory in service.

The Owner's proposal is submitted for the favourable consideration of the Committee and I shall be glad if you will communicate the decision of the Committee direct to the HongKong Surveyors.

I am, Dear Sir,

Yours faithfully,

*C. Macpherson*
