

COPY OF AIR LETTER.

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

BY AIR MAIL.
Enclosure

6th June, 1950

Dear Sirs,

S.S. "WAHINE"

It is noted from your report No.4966 on this ship that the shell plating has been drilled and gauged but full particulars of the drillings taken are not given on your drilling form which is returned herewith and I shall be obliged if you will furnish at your earliest convenience, on the further form enclosed, full details of the results of the drilling.

I would also remark that your recommendation for a notation of S.S.Wln. 12,48 is not understood as, according to Wellington Report No.4721, the vessel was continually under survey from 12th August, 1948 to 1st June, 1949.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
WELLINGTON.
