Dear Sir,

Ruston & Hornsby's Order No.2047.  
Clarkson Boiler "BATOG/190" for Trawler.

In connection with an order we have received from the above clients, for a Clarkson Oil Fired and Exhaust Gas Boiler to be an exact repeat of that supplied to them in 1940, we have pleasure in enclosing herewith duplicate prints from drawing 1284.A. showing the details of the boiler, and shall be glad to have your official approval as soon as possible.

For your information, the boiler is being made at Messrs. Abbott & Co., (Newark) Ltd, and to assist you in giving your approval of the drawing we would refer you to the one sent you in 1940 by Messrs. Abbott, which you approved on the 27th. February 1940. We shall be glad if you will kindly return one copy of the drawing to us, duly stamped, so that we may go ahead with the work with the least possible delay.

We also attach for your reference duplicate copies of our sub-orders for the boiler and accessories, and shall be glad if you will kindly make the usual arrangements for survey in due course.

Thanking you in anticipation of your early reply,  
we remain,

Yours faithfully,

For THE CLARKSON THIMBLE TUBE BOILER CO. LTD.
