Belfast. 14th August, 1923.

ALL COMMUNICATIONS TO BE ADDRESSED TO THE COMPANY.

Ref. EW/DO.

Messrs. The Surveyors to Lloyd's Register,
B E L F A S T.

Dear Sirs,

S.S. "GRAPHIC" - BOILERS.

We are in receipt of your letter of the 11th inst.,
and are pleased to note that these boilers are approved for
a working pressure of 215 lbs. per square inch.

Regarding the longitudinal stays in the double-
ended boiler, the design was approved for a pressure of 220 lbs.
per square inch and the boilers tested by the Board of Trade
several months before the new rules embodying the supporting
of stays at the middle came into force.

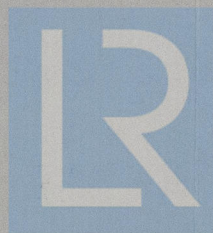

Yours truly,

FOR HARLAND & WOLFF LTD.

J.H.K.
