Lloyd's Register of British & Foreign Shipping,

71, Fenchurch Street, E.C.

2nd February 1914.

Sir,

With reference to the case of the steamer "ORDUNA", I have to inform you that a first entry report on this vessel has been received from the Society's Surveyors at Belfast, from which it appears that she is to proceed to your port, and that to complete the survey on the hull the emergency suction pumps fitted in each compartment in lieu of hand pumps require to be tested on completion of the installation.

I shall therefore be glad if the Surveyors will give the case the necessary attention, and on completion of the work forward a report on Form 8 in the usual manner with a view to the classification of the vessel.

I am, Sir,

Your obedient Servant,

Assistant to the Secretary.

R. Williamson, Esq.,

LIVERPOOL.
