LLOYD'S REGISTER OF SHIPPING

71 Fenchurch Street,

E.C.3.

24th June, 1948.

H & F

Dear Sirs,

S.S. "RIVER SWIFT"

I have to acquaint you that the Committee have agreed that the completion of the Special Survey of this vessel, partly held in July last, be postponed until her return to this country from her present round voyage in about three months' time, subject to an opportunity being afforded the Society's Surveyors of satisfying themselves that she is in efficient condition when the requisite survey for extension of the Load Line Certificate is held.

The Owners now write stating the vessel is expected to arrive at your Port about the 9/10th proximo to discharge, and that they are instructing the Master to arrange for you to carry out the necessary inspection for extension of the Load Line Certificate. I shall accordingly be glad if you will give the case the necessary attention, and after satisfactory inspection extend the Load Line Certificate until the 30th September next.

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,  
BUENOS AIRES.
