Dear Mr. Sladden,

s.s. "NAIRANA"

We have just received a copy of your <sup>LATEST</sup> letter to the Belfast Surveyors regarding the above vessel.

I met Mr. Lenaghan last week on board the DUNDALK BAY and mentioned to him the question of the plans. He said that when they arrived here he would like them kept in this office in the meantime and not handed over to C.R.D.A. until I again heard from him.

How long he will expect us to keep the plans here, I am afraid I don't know, but I understand his tug the LENAMILL has already left for Australia to undertake the tow.

Yours faithfully

*S.B. Lumsden*
