Reference

The Secretary.
Sir

Acting at the request of the Hull Surveyors, I proceeded to Peterhead today and visited the two new steam drifters "City of London" and "City of Edinburgh". The safety valve easing gear is still unfitted and being unable to find anyone from whom information could be obtained, I have communicated with Mr. W. A. Leask. (Copy of letter enclosed) who I understand is largely interested in the Company; and on receipt of his reply, will again communicate with you.

I am Sir.

Your obedient servant

Ridley Sturt.
