M.T. "JANKO"

Dear Sir,

It is proposed by the Owners of the above vessel to instal an Echo Sounding apparatus in the aft cofferdam. Since the vessel is classed for Carrying Petroleum in Bulk, we should be glad to be advised as early as possible whether the proposal can be approved, and if so, whether a 220 V supply can be employed.

We would add that in this vessel, the pump room lighting fittings are installed inside the pump room.

Yours faithfully,

2020

J. Bowman
Surveyor.
