

A. S. Harport

It is submitted Messrs Smith Dock Company.  
Ltd be requested by wire to forward a sketch  
showing the position and width of the tonnage  
openings which they propose to adopt also the  
position of the bulkheads at the ends of the  
erections and the means to be adopted for  
closing any openings in the same. If this  
sketch be forwarded tonight particulars of  
freeboard desired could be telegraphed to the  
Builders tomorrow.
