Temporary 2

Captain.C.H.Stapleton.
Lloyd's Agent.
Havana.

Sir:-

Acting under your instructions and with the consent of the Master of the S.S.BARCELONA, I paid several visits to that vessel after repairs to damaged hull had been finished and while she was loading approximately 4000, (four thousand) tons of cargo.

Loading has been completed, cargo properly stowed, and it is my opinion that on this day and date the vessel is in a fit and safe condition to proceed under her own power from Havana to Baltimore.

Fee.\$50.00.
