22nd December, 1926.

Dear Sir,

With reference to the survey which became due last month on the screw shaft of the steamer "BARCELONA", I have to acquaint you that the Society's Surveyor at Barcelona states that this vessel is now at Havana in a damaged condition and will require to be drydocked and that the shaft will also be submitted to survey.

In the circumstances I await the receipt of your report in due course.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

Holmes Esq.,

HAVANA.
