

s/s "Mecklenburg"

Nov. Spt 70403.

This vessel was built in 1904 and classed with the Germanischer Lloyd.

The machinery & boilers have now been surveyed with a view to classification and satisfactorily reported upon.

The boilers comply with the Rules for a working pressure of 180 pounds; but the shafting only meets the requirements of the Rules for 165 pounds.

It is submitted that this vessel is eligible for THE RECORD. LMC 10.17.

S 10.17.

165 lb.
