The Second Special Survey No. 3, which became due
on this vessel in June 1926 has been partly held.

Temporary repairs were recently effected in London
to enable the vessel to proceed to Bremerhaven in light
condition, where she was sold to a German Owner, who now
states that the Society's classification is not required, as
the Steamer has been classed with the Germanischer Lloyd.

The case received the consideration of the Classing
Committee on Tuesday, the 11th instant, when, in view of the
year of grace having expired in June last, it was decided
to give instructions for the vessel's class to be expunged
from the Register Book with a red line (10.27), indicating
non-compliance with the Society's Rules, and the new Owner
has been informed accordingly.
