

*W. I. P. ... l. B. ...*  
S.S. No.428 building by Messrs Barclay, Curle & Co.

*"Corfe Castle"*

*Sl. 19299*

Equipment No.44862, letter "y".

The Glasgow Surveyors state that 269  $1/2$  fathoms of  $2 \frac{3}{16}$ " Chain Cable weighing 652 cwts. 0 qrs. 1 lb., have been supplied to this Vessel.

The Chain Cables required by Table 22 are 270 fathoms of  $2 \frac{3}{16}$ " weighing 645 cwts. 3 qrs. 0 lbs.,

It will be observed that the cables supplied are  $1/2$  a fathom less in length than required, but their weight is considerably in excess.

It is submitted the Cables supplied might be approved for the figure 1 as recommended by the Surveyors.
