This vessel became due for Annual Boiler Survey in February last, but the Owners have informed the Society's Surveyors at Nagasaki that the classification of this Society will be discontinued and that the steamer will be transferred to that of the Japanese Classification Society.

In the circumstances the Classing Committee, who had the case before them on Friday, 4th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
