ANVERS, December 22, 1926.-

213, AVENUE D'ITALIE.

The Secretary,
Lloyds Register of Shipping,
71, Fenchurch Street,
LONDON.E.C.3.-

Dear Sir,

s/s " HOUTHANDEL ".-

We are in receipt of your letter of the 20th.inst. and thank you for returning us the account for the lifeboat.-

We carefully note all you write and are making very strong remarks to our Superintendent, Captain Copette. Furthermore the writer will avail himself of the first opportunity to see Mr. Herber in order to verify the statements which have now been made by Captain Copette.-

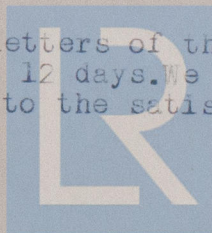

In the meantime, we think it useless to continue the correspondence on this subject. We can only express our sincere regret of what has happened and think we have been misled by our Superintendent.-

May we take it that no action has been taken or will be taken against this steamer's Class until her arrival in Kobe. It is important for us to know this for if any change takes place with regard to the steamer's classification, we have to inform the Charterers about this as we cannot run the risk of getting into serious trouble on account of misrepresentation of the ship's Class.

We hope the Committee will defer taking action and thank you in anticipation for this.-

s/s " ERTSHANDEL ".-

With reference to your letters of the 19th. and 16th.inst. this steamer is due here in about 12 days. We will then drydock her and start passing her Survey to the satisfaction of Mr. Herbert.
