Survey due Special Survey No.1 due 10,24 (after early No.3).  
Boiler Survey due 11,25.

In October last the Liverpool Surveyors forwarded a letter from the Owners asking that the vessel might be allowed to run until the summer months of 1926. In reply the Liverpool Surveyors were requested to inform the Owners that the Committee must ask them to arrange for the survey to take place by the end of 1925.

The Liverpool Surveyors now state that all the slipways at Fleetwood are at present occupied and in the existing circumstances it will be impossible to complete the Special Survey now. The Owners propose to hold the Boiler Survey and as much as possible of the Special Survey this week, the completion of the survey being held over the next settling in from 2 to 3 months' time.
