# Lloyd's Register of Shipping.

Port OF LIVERPOOL.

2nd November, 1940.

This is to Certify that I have

Surveyed the Boiler and Machinery of the M.V. "BRITISH SCIENCE",  
7138 gross tons of Loudou.

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have Recommended that the record of D.B.S. 10.40 & L.M.C. (C.S.) with date.

be made in the Register Book in the case of this vessel when the survey has been completed.

Parts now examined:—

The boiler throughout with their mountings, doors and fastenings safety valves adjusted. The oil fuel installation valves, pipes and control gear examined in running conditions. The main engine Nos. 23&4, liners, upper and lower pistons, beams and bottle guides and piston rods, valves and valve gear.

*N.A. Lindley*

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—  
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
