

SUPERHEATER Endorsement.

Shipbuilders: Messrs.

*J. L. Thompson*

Yard No. *591*

Engineers: Messrs.

Engine No.

Superheater Makers: Messrs.

*H. N. C. Marine Eng. Co.*

It is submitted that the plan of superheaters merits approval for a working pressure of *220* lb. per square inch, provided ~~the steel castings be made at approved works and tested as required by the Rules,~~ a safety valve be fitted to each part of the superheaters which can be isolated from the boilers, and the superheaters be constructed under the usual conditions of survey and testing, and the whole be tested to three times the working pressure.

Return plan.
