ANS'D _____

BUCHANAN,
ENGINEER SURVEYOR.

The Secretary,
New York,
Dear Sir,

(Handwritten initials and scribbles)

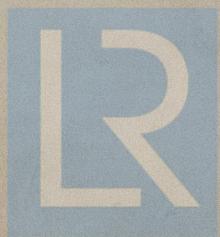

I am in receipt of your letter of the 1st:
inst: regarding the "ELIZABETH RUTH", and in reply,
I am awaiting a reply from the Builders for the
diameters of Propeller, and screw shaft; I may say,
however, that the screw shafts were made strictly in
accordance with the blue prints except that the ends
of the brass liners were tapered off to allow of
wrapping them to prevent salt water action on the
shafts, there are two separate liners on the shafts;

I know the pitch of the propellers is 7 ft:
but I am not sure of the exact diameter; I shall
advise you when I get the Builders answer.

I am,

Yours faithfully

(Handwritten signature: M Buchanan)
