25th September, 1925.

Dear Mr. Lawrance,

With reference to my official letter of today, regarding the yacht "FLYING CLOUD", I think it well to explain, for your personal information, that the proposed fees of £450 are made up as follows, viz:-

Normal fee for survey of hull, say	£125
In view of time occupied through the case being dealt with by the Society's Surveyors at Genoa, the normal fee has been increased by 100 per cent	
	125
Travelling expenses of Surveyors from Genoa, say	<u>200</u>
Total	<u>£450</u>

Yours faithfully,

A. Lawrance, Esq.,

GENOA.
