17th September 1925.

Dear Sir,

YACHT " FLYING CLOUD "

We have now been able to obtain instructions upon the matters raised in your letter of the 19th ultimo.

We are desired to enquire whether it is essential to the classification of the Yacht with your Society that a whole time exclusive Surveyor at Leghorn should be appointed.

We are asked to point out that all specifications and drawings have been, or will be, passed by your Society, and that the Naval Architect who His Grace is employing (Mr. J. H. Barbour ,B.Sc.,of Genoa) is we believe well known to you.

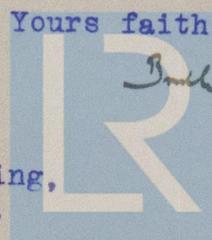

We should be very glad if it were possible, to make arrangements which while entirely satisfactory to your Society, would effect some saving ^{from} ~~for~~ the cost of the Surveyor which you have been good enough to quote to us.

We are, dear sir,

Yours faithfully,

Walter Hatfield
