I enclose herewith a translation of a letter dated 2nd instant received from Messrs Orlando requesting to be informed what the fees and expenses of this Society will amount to for the testing of material, special survey during construction and issue of certificates for this Yacht, which is to have a new steel hull built and the original machinery fitted on board .

As I understand from previous correspondence that special arrangements may be made for the survey of the yacht, I shall be glad to be informed what reply should be sent to Messrs Orlando . -

Yours faithfully,
